

Dear Colleagues,

As part of its scientific activities, the Research Laboratory in Food Technology and Human Nutrition (LRTAH) organizes the **"International Day of Food Technology, Nutrition and Human Health"**.

We are delighted to invite you to this day which will be held at **the National Higher School of Agronomics (ENSA, Algeirs – Algeria)** on **May 09th, 2023**. This day aims to raise the awareness of producers and consumers about the prevention, detection and management of food-borne risks and to encourage action in these areas. The overall objective of the day is to promote food safety, health and human nutrition.

Themes:

1- Food technology:

- 1-1- Food Processing, formulation and optimisation.
- 1-2- By-products Valorization.
- 1-3- Food quality by Instrumental analysis techniques
- 1-4- Biotechnology and innovative technologies in food industry

2- Nutrition and Human health :

- 2-1- Functional and nutritional qualities of food.
- 2-2- Health safety and chemical contaminants..
- 2-3- Functional foods and human health.
- 2-4- Aromatic and medicinal plants.

The Journey is open to researchers, scientists, doctoral/Ph.D students, Engineering and all food processing partners interested in the different themes of the day.

Those wishing to present a communication on any theme of the day are requested to send a 300-word summary, including: the title, the name of the authors, their affiliations and their e-mail address, as well as 4 to 6 keywords, no later than February 9th, 2023, to the following email address:

LRTANH@edu.ensa.dz.

For any additional information, please contact the Organizing Committee at: **LRTANH@edu.ensa.dz.**

Award and publication:

An Award for the best oral communication and the best poster will be awarded with the aim of promoting the quality of scientific presentations in the field of agri-food and human nutrition.

The 5 best communications (oral or by poster) will be published in the school journal: "**Algerian Annals of Agronomy**", an international journal indexed in Scopus.

Exhibition space:

An exhibition space will be made available to the main stakeholders to present their products (startups, industrialists, breeders, organizations, etc.). Sponsors from the industrial world, services or others, can offer their support for the day. Sponsors can benefit from free activities and exhibition stands.

Feel free to circulate this email to your colleagues and anyone who might be interested in the event. Looking forward to meeting you at ENSA - Algiers, Algeria.

Sincerely yours,

JITANSH'23 Organizing Committee
